

ORYCON "PRINT SHOP" INFORMATION

There is a **limit of 25 pieces** per artist. You can have 25 copies of 1 title, or a mix of copies of different titles adding up to 25 pieces (e.g. 5 copies of 4 titles, or 10 copies of 2 titles). Orycon collects 15% commission on "Print Shop" sales. It is strongly suggested that any artwork placed on the "Print Shop" table be matted and wrapped to protect it during browsing.

"Print Shop" artwork is **Direct Sale only**.

Please be sure that all pieces have the **artist's name, piece title, type of print/medium, print/edition number and price** clearly marked on the back, and that the information on the print control form and the artwork match. If it is not clear or there are discrepancies in the information, we will not be able to display your work until we contact you for clarification.

Oregon law mandates that fine art prints (such as, but not limited to, engravings, etchings, woodcuts, lithographs, monoprints or serigraphs) need to have the following information attached:

Name of artist, year printed, whether it is a limited edition, how many impressions (both signed and unsigned, numbered and unnumbered), and the status of the plate.

If you have questions about the applicability of this, please feel free to contact me before Orycon at (503) 771-0618

Here is a sample of how the print shop control sheet should be filled out.

PRINT SHOP CONTROL FORM

Artist name: Stephanie Cohen

Agent name: Naomi Cohen
